E-Newsletter: Information & Activities to keep their "little lights" shining

Skillful Little Dreamers!

Kids develop skills at an early age. Little dreamers in my new Character Art class are a real inspiration to me. Their drawings will make anyone smile. They are also skillful in following directions. I'm proud to have stepped into this magical world to create new wonders with all the little 4-8-year-olds; seeing how proud they are of their artwork, I can imagine their little minds shooting for the stars as they focus on their creation and participate in class discussions. It's rewarding to know they are developing their minds, fine motor skills, and a love for art!

Got a little dreamer? Have them draw with us this week using character 3, C, and a triangle shape. Click to see [the intro video and enroll here](#).

Sterling has done a great job making my son feel confident about art. He has always felt that he is terrible at art and can't draw, but after just one session he was so proud of his drawing and begging to enroll again. We are looking forward to bus 3rd session next week. - Chandra
