

# Weekly Inspirations for Little Dreamers

E-Newsletter: Information & Activities to keep their "little lights" shining

## Your Inquisitive Little Dreamer

Curious about the meaning of November, I decided to look it up. Yet, I discovered even more. Inquisitive little dreamers are eager to learn. It's incredible what one can find when they have an interest in knowing something.

**Fun Fact:** Did you know that November was originally the ninth month of the year during the ancient Roman period? It later became the 11th month when January and February were added to the calendar. "Novem" actually means *nine*.

Got a 4-8-year-old who likes to draw? Sign them up for my online cartooning classes! This week, we'll create art using characters 10, J, and a shape. See [the intro video and enroll here](#).

## QUOTE OF THE WEEK

"Truth is hidden only to the masses who are not inquisitive."

*I really enjoy teacher Sterling class. My twins take his class and absolutely love it. He has a fantastic online presence, he keeps kids engaged, the pace of the class is on track, I love that he does introductions and is able to handle all the different personalities of the kids making them feel special and good about their art. -- A.
